1. A site plan drawn at a scale of 1"=20', which accurately shows the lot itself, the location of the house on the lot, the driveway and any other site improvements, easements, watershed protection areas, and setback lines;
2. A grading plan drawn at a scale of 1"=20' (this may be combined with the site plan) with accurate existing contours and proposed new contours at an interval of no more than two (2) feet;
3. A watershed protection and erosion control plan drawn at a scale of 1"=20' (plan may be combined with the site plan and/or the grading plan). This plan must be prepared in accordance with the requirements of the City's Soil Erosion and Sediment Control Ordinance and the State of Georgia Manual for Erosion and Sediment Control.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing work performed under this permit will be complied with whether specified herein or not. The granting of a Site Development Permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of related requirements.
