SUMMARY/STAFF PRESENTATION: A request to subdivide a 75 acre tract into 171 Single-Family Residential lots.

Ms. Peeks stated that they had before them Concept Plat 19P-010 Virlyn B. Smith Road and the applicant was proposing to subdivide the property into 171 single-family lots. She explained that
the applicant had come before the Commissioner’s a couple of month’s ago for a rezoning of this property from R-2 to R-3 for a single-family subdivision. She stated staff was recommending approval of the concept plat.

Richard Ferry, 270 North Jeff Davis, Fayetteville, Georgia, 30214:

Mr. Ferry stated that he was working with South Fulton, LL and he gave the address of the business (270 North Jeff Davis, Fayetteville, Georgia, 30214). Commissioner Phillips asked Mr. Ferry about a note that was on the Concept Plan which stated to see insert about the existing off-site solutions. Mr. Ferry replied that in the process of developing a subdivision one of the primary items they look for is the proximity to the sewer system. One of the conditions from the Mayor and Council is if a lift station is necessary, they (the developer) would be responsible for it. Mr. Ferry stated that there is an existing sewer connection on Rivertown Road that they can connect to.

Commissioner Smith asked about the water line extension where the cemetery is located. Mr. Ferry replied that the second condition from the Mayor and Council and the Public Works Department is to connect a water line to allow looping. He further explained that within a large sized subdivision the pressure and flow in the water system is not sufficient, so the best thing to do is to create looping to allow adequate water flow so the water will not get stuck.

MOTION AND VOTE: Commissioner Smith made a motion to APPROVE 19P-010. Commissioner Stewart seconded. The motion carried.

X. STAFF REPORT: Ms. Peeks stated that following the meeting there would be the second part of the Planning and Zoning Commissioner’s training.
