Mayor:
Mario Avery

City Council:
Ron Alderman
Lydia Glaize
Alex Heath
Elizabeth Hurst
Marian Johnson
Hattie Portis-Jones

Fairburn City Council meets on the second and fourth Monday of each month in City Hall at 7:00 pm.

Planning & Zoning Commission meets the first Tuesday of each month in City Hall at 7:00 pm.

Important Notice: EFFECTIVE IMMEDIATELY, glass will no longer be accepted in our recycling program. Waste Industries delivers your recyclables to several third party processing facilities in the area. The recent downturn in the value of materials, combined with complications in processing, have made it necessary for those processing facilities to demand the removal of all glass from the recycling stream. Please support us as we strive to sustain this important program.

Fairburn's Farmers Market

Every Friday through October 2nd from 3:00pm - 7:00pm at the Train Depot (70 West Broad St.) join us as we celebrate local vendors that provide fresh produce.

There will be:

- Locally grown fruits and vegetables
- Artisan baked goods
- Fresh eggs
- Handmade crafts
- Cooking demonstrations

Please visit us on the web:

Fairburn in the News!

Police Department Updates:

- Fairburn PD is on Facebook at www.facebook.com/FairburnPD and on Twitter @FairburnPD.
- Go to Nixle.com to receive emergency texts and e-mails from Fairburn PD.
- Going out of town? The house watch form is available at Fairburn.com or in person at the PD station. An officer will check your house once per shift.
- If you'd like a Fairburn officer to attend your Neighborhood Watch meeting or other community event please contact Sgt. Bazydlo at 770-964-1441.

PLEASE TAKE NOTE

Bohannon Rd at Line Creek will be closed for Bridge replacement from June through October 2015. Please plan your travel accordingly.

ATTENTION!

Fats, Oils and Grease (F.O.G.) are Threatening YOUR Plumbing

Fats, Oils and Grease is the number one cause of sewer system blockages in the Metro Atlanta area. F.O.G. sticks to the walls of your plumbing and the sewer system and can build up over time. Eventually, it can completely block your plumbing or the sewer system.

How does F.O.G. affect YOU?

Blockages in your plumbing or the sewer system can result in sewer overflows. F.O.G. related overflows can result in property damage, environmental damage and civil penalties and fines. Residents may be held liable for all damages and clean-up costs for a resident-caused sewer back-up.

What can YOU do to help?

POUR

Allow F.O.G. to cool. Pour any liquids into a sealable, disposable container and place in trash.

SCRAPE

Use a spatula or a similar utensil to scrape any solid F.O.G. and food particles into the trash.

DRY WIPE

Use a paper towel to dry wipe any remaining F.O.G. residue into the trash. Place used paper towels in trash.

USE A SINK STRAINER

Use a sink strainer to catch any food particles that may be left on dishware and place in trash.
