11 Acres of New Land Gifted to the City of Fairburn

FAIRBURN (Dec. 6, 2017) – A local business has graciously gifted 11.55 acres of land to the City of Fairburn, which will be used for economic development and community development opportunities.

The newly acquired property is in close proximity to Highway 74 and located next to the previously donated Park and Ride parcel. The newly acquired parcel has frontage along the proposed roadway from Harris Road to Milam Road, which is partially constructed and at completion will be an alternate for local traffic and provide inter-parcel access to the businesses along State Route 74.

“It is a very generous donation and we are beyond appreciative for the 11.55 acres gifted to our city,” says Mayor Mario Avery.

In addition to the 11.55 acres, the company donated 20 acres of land to the City of Fairburn in December 2015. The previously bestowed 20 acres is the future site of the Fairburn Park and Ride facility, which will be constructed in 2018.

For more information on the land acquisition, visit the City of Fairburn’s website at <http://www.fairburn.com>.

About the City of Fairburn

Fairburn, located just 20 minutes south of Hartsfield-Jackson International Airport, is a city of historic homes and buildings with a growing and thriving business community. Fairburn has approximately 28 miles of streams and waterways, and roughly 368 acres of designated greenspace. Fairburn’s strategic location in the Metro Atlanta area has attracted a number of higher education institutions, as well as national and international corporations to the City.
