New Day for GFL

Notice

YOUR NEW TRASH DAY

EFFECTIVE JUNE 7TH IS: **TUESDAYS**

TRASH SERVICE

- Carts must be at the curb anytime after 6PM the evening before but no later than 6AM on the service day.
- All garbage should be bagged and placed inside the cart.
- No trash or recycling will be collected outside the container.

RECYCLING SERVICE

- Starting June 7th, recycling is collected every other week on Tuesdays.
- Carts must be at the curb anytime after 6PM the evening before but no later than 6AM on the service day.
- All Recycling must be inside the cart and cardboard **MUST** be broken down.
- No household trash or glass will be accepted in the recycling cart.

BULK SERVICE

- **Must be called in to GFL before 12:00 pm on the Monday before service day. Residents can call 770-474-9273 or email Stockbridge-cs@gflenv.com.**
- Bulk is serviced on the 1st & 3rd Tuesday of each month. Items accepted are ones that do not fit in the 96-gallon trash cart.
- Examples: sofas, chairs, mattresses, other large furniture and appliances.

YARD WASTE

- **Must be called in to GFL before 12:00 pm on the Monday before service day. Residents can call 770-474-9273 or email Stockbridge-cs@gflenv.com.**
- Yard Waste is serviced once per week on Tuesdays in the area at the curb that is no greater than 4 ft high x 4 ft deep x 4 ft wide.
- Includes leaves, brush, grass clippings, shrubs, tree pruning, and Christmas trees etc. left over from non-commercial landscaping.
- All leaves and grass clippings **must be in a biodegradable paper bag**.

For questions, residents can email Stockbridge-cs@gflenv.com.

Dear Fairburn Residents:

In collaboration with the City of Fairburn, GFL Environmental is working to improve service outcomes, which include a revamp of the current service plan. The new service plan will consolidate trash pick up to one (1) day a week, so that it can be managed more efficiently. GFL's priority is to continue to provide the best service that they can. In order to keep striving for that goal, your current service day will be adjusted.

As part of these routing changes, your service day for Residential Trash pick-up will be Tuesday. This new service will begin on June 7, 2022. Thank you in advance for your understanding and cooperation as we work to better serve you. Please see flyer for details regarding Trash, Recycling, Bulk and Yard Waste Services.

Fairburn's Streetscape, Promotes Downtown Revitalization

Projects for downtown improvements are nearing completion, and businesses and residents will begin to enjoy streetscape enhancements within the Downtown Historic District. The project included US 29 from Malone Street to approximately 175 ft north of Strickland Street, with pedestrian improvements along US 29, to include trees, raised planter beds and new pedestrian street lighting, brick paver sidewalks and a grass buffer strip along with rehabilitation of the former Smith Street underpass. Downtown Fairburn, a quaint and compact area within the core of the city.

The LCI program empowers Fairburn's local government to implement strategies to link land use development and transportation improvement in a sustainable way. Dozens of roadways and pedestrian improvement projects around downtown and throughout neighboring communities provide the framework for having an attractive and vibrant city. We will continue to make progress by implementing projects that are community priorities.

The benefit of the smaller-scaled projects is not always as noticeable but allows for quicker approval, while more substantial improvements like the proposed Northside and Southside Pedestrian Bridge Projects take longer. "Small projects add up and can really shape the look of downtown," Director of Community Development, Lester Thompson explains. Under his tenure, the City of Fairburn, under the leadership of the Mayor and City Council have created more significant opportunities for growth and development downtown, along Hwy 74, and throughout the Industrial area.

Fairburn is situated for continued growth and development by continuing to make our communities more attractive, walkable, and connected. By doing so, we are moving closer to a thriving town center that will offer more diversity of mixed income residential neighborhoods, employment, shopping, and recreational choices.

Retraction Notice

We thank you for your support of the Fairburn Connect Newsletter. While we make every effort to ensure the accuracy of our reporting, there are rare instances in which misinformation occurs due to human error. In this case, specific facts were misstated, which we were notified, May 21, 2022. The correction is that Rohan Scafe is a mechanical engineer, and Pat Scafe is a former Wealth Management Consultant. This statement is printed at the request of the business owner and has been updated in the online May Newsletter edition.
