

TIPS FOR RECYCLING, WASTE REDUCTION AND PROPER DISPOSAL

- ☑ Remember, recyclables are commodities – keep them as contaminant free as possible.
- ☑ Labels can remain on containers, but please remove caps and rinse to remove food or liquids.
- ☑ Contact CLM Sanitation /Fairburn Utilities for information on removal of bulky items and appliances.
- ☑ To donate reusable furniture or household goods, contact www.furniturebankatlanta.org They provide scheduled pick-up of donations.
- ☑ Computers and monitors of good quality may be donated to Free Bytes. They also provide proper disposal of broken monitors for a small fee. (Monitors have CRT tubes in them that contain lead and should not be put into landfills.) Contact them at www.techcorpsga.org
- ☑ Paint may be properly disposed of by absorbing the liquid with cat litter or shredded newspaper, double bagging and placing in your garbage for collection.
- ☑ Look for recycled content in products you purchase.
