**The City of Fairburn Celebrates Georgia Cities Week 2022**  
**"Shaping the Future"**

The City of Fairburn is excited to celebrate Georgia Cities Week, a statewide campaign by the Georgia Municipal Association (GMA) to bring awareness about local government and spotlight events happening throughout cities. This year's Georgia Cities Week is April 24th - April 30th, with the theme "Shaping the Future."

"City government is truly a government of the people, by the people, for the people, – the people making the decisions about our community are your neighbors, business owners, and community leaders," said Mayor Mario B. Avery. "We are in this together, and we want our city to thrive." The work of city government often goes overlooked, but participation in Georgia Cities Week helps educate and inform the public on the value of our municipalities.

"During this week, we want to recognize the role city government plays in our lives: from historic preservation to trash collection to public safety to promoting the area's culture and recreation," said City Administrator Tony M. Phillips. "We hope you will join us in this celebration and learn more about your city and how it operates for you."

Below are some activities happening in the City throughout the week. Attendees can register for these events [HERE](#):
