FAIRBURN: SITUATED TO SUCCEED

Greetings Fairburn:

The month of March is not just about celebrating holidays such as St. Patrick Day, World Day of Prayer, First day of Spring or Daylight Savings Time, just to name a few, but a time when spring makes its appearance which symbolizes new life as trees, plants and fields are beginning to turn green. It is said that March "comes in like a lion and leaves as a lamb". March appears with the promise that warmer weather is in the horizon which gives us all a feeling of new life. The March flower "daffodil" symbolizes unequalled love with its bright yellow petals, daffodils seem to be the perfect way to say that the sun is always shining and love is in the air. So as spring approaches and we hear the songs of birds in the park, the first shoots of grass bursting forth from its dormant winter life, fresh buds begin to bloom and the earth seems to come back to life as temperatures slowly rise; let our spirits be lifted with families and friends.

Fairburn! Spring is in the air. Enjoy as we continue "Moving Forward Together"

Mayor Elizabeth Carr-Hurst

The City of Fairburn Congratulates Chief Cornelius Robinson

On February 11, 2019, Mayor Elizabeth Carr-Hurst swore in Chief Cornelius Robinson as the newly appointed Fire Chief for the City of Fairburn. Chief Robinson has 26 years experienced in the Fire Department, and well educated in the field. He holds an Associates Degree in Fire Science, a Bachelors in Fire Administration and currently pursuing a Masters in Public Administration.

Chief Robinson while in the position envisions opening a state of the art fire station and training facility; and provide training for current and future Fire personnel. The City of Fairburn Mayor and Council, Employees and Staff wishes Chief Cornelius Robinson much success.

Fairburn City Council meets on the second and fourth Monday of the month at City Hall beginning at 7:00 pm.

Planning & Zoning Commission meets the first Tuesday of each month at City Hall at 7:00 pm.

Daylight Saving Time Begins
Sunday
March 10, 2019

Do you know where your energy dollars go?

When you see the charge for energy, do you have any idea what all is involved? According to a study by the U.S. Department of Energy, it typically breaks out as follows:

- 3% Refrigerators:** If you have an old refrigerator out in the carport or garage, dispose of it properly.
- 44% Space Heating:** Change filters regularly and have the unit serviced annually to keep it in top performance.
- 25% Lighting, Electronics and Appliances:** Switch to LED bulbs, turn off lights and appliances when not in use and only run the dishwasher and washer/dryer with full loads.
- 19% Water Heating:** Set the thermostat to 120 degrees and fix water leaks.
- 9% Air Conditioning:** Have the HVAC system serviced annually and replace filters according to the manufacturer's instructions.

Now that you know where your energy dollars are going, conduct a D-I-Y energy audit to discover additional ways to improve your energy efficiency. Use the Home Energy Calculator on the Fairburn web site, or go to

Fix a Leak Week

Leaks Can Run, but They Can't Hide

Are you ready to chase down leaks? Household leaks can waste nearly 1 trillion gallons of water annually nationwide, so each year we hunt down the drips during Fix a Leak Week. Mark your calendars for EPA's annual Fix a Leak Week, March 18 through 24, 2019—but remember that you can find and fix leaks inside and outside your home to save valuable water and money all year long.
